Wellesley Island Grown Certified Organic Grass-Fed Beef is sold by the mixed quarter, half, or whole and priced by hanging weight. The mixed quarters should be around 150 lbs.

This year we have two Belted Galloways and one Red Devon for harvest. These heritage breeds do particularly well on a grass-fed diet. The butcher date is expected to be in mid-summer (final date to be determined.)

You are purchasing a share in a live animal to be slaughtered by our butcher. You pay us \$3.95 per pound, based on hanging weight, plus trucking, with a minimum down payment of \$200.00 per quarter to reserve your beef. You pay the butcher the processing charges which will vary, depending upon the hanging weight and your cutting orders.

Organically Raised, USDA-Inspected Cuts available at the farm.
